

TOYKOBike

Tokyobike was born in a quiet neighborhood of Tokyo designed to explore the places we love and call home a tool to make small changes to everyday life.

THE RHODE TO TRANQUILITY

Leisurely pedal through the charming streets of Newport on a sunny afternoon while savoring the fragrance of blooming hydrangeas by the ocean. In the simple act of cycling, we not only embrace wellness but also become stewards of a more vibrant and sustainable community, ensuring that the beauty of Newport endures for years to come.
