SUMMER VACATION

Hamptons-Style Getaways

By Sascha Zuger

Hamptons glam, from the white sand to the white parties, is legendary – but if you snoozed and the land of socialites is all booked, set sail for a land of social nights at these Hampton-esque destinations.

The Chanler at Cliff Walk

If you've ever been curious about those grand Hamptons homes and wondered about the world behind the gates, a visit to Newport's amazing collection of mansions with in-depth tours of the fabulous lives lived within will satisfy. Then check into The Chanler for a personal taste of timeless seaside romance; each room featuring a fireplace and luxurious stone bathrooms with heated bathroom floors and six-jetted and/or rain-headed showers.
